

Game Name:

SOUND TICKLERS' WORK PLAY

Objective: To prepare the material to play 'The Jawbreaker and the sound ticklers' game

Material: Construction coloured paper, scissors, coloured markers and the story.

Procedure:

As in all 'Work-plays', children prepare their own material to play a game. Using coloured construction paper, they make paper feathers that resemble the sound ticklers in the story. Once the feathers are finished they keep them in a box.

After that, children look for words in the story beginning with >J< and >G< and underline them. They take the feathers from the box and write the words they have underlined on the feathers. They also write some other words beginning with other letters as distractors. They keep all the feathers in a box to play the game.
